

# Abrasive cloth, NOPPEX

# CS 420 Y

## Properties

|               |                 |
|---------------|-----------------|
| Bonding agent | Resin           |
| Grain         | Aluminium oxide |
| Backing       | Y-polyester     |

## Product benefit

Long-life abrasive belt with knob structure for a satin surface scratch pattern, under high to medium grinding pressure - Very suitable for centreless circular and surface grinding - Suitable for dry and wet grinding

### Available grits:

16 24 30 36 40 50 60 80 100 120 150 180 220 240 280 320 360 400 500 600 800 1000 1200 1500 2000 2500 3000

## Materials

|                 |   |
|-----------------|---|
| Stainless steel | ● |
| Steel           | ● |

## Applications

- Railing construction
- Plant engineering
